

15 July 2024

The Urban Agenda, a communication component of the SUMP Türkiye project designed to ensure that municipalities prioritise sustainable urban mobility throughout the year, is now in its second phase, engaging municipalities across Türkiye.

All Turkish municipalities!

The Urban Agenda launched in February with 12 metropolitan municipalities selected as pilot cities for the implementation of SUMP. In our third meeting, we will connect with 1402 municipalities from across Türkiye, where the pilot cities will present "Permanent Project Application Examples." Municipalities will have the opportunity to learn about this year's "Qualified Project Categories" and gain detailed insights into the themes.

Participants will gain information about the application processes for European Mobility Week and the Mobility Awards. Join us, and let's elevate the impact of European Mobility Week with qualified projects this year. Let's bring the Mobility Awards to Türkiye!

Join us, [#SUMPTürkiyeVolunteer!](#) [#Let'sLiveTheCityTogether](#) in Shared Public Spaces!
